TAFT AT DINNER GIVEN IN PANAMA

Declares United States Has No Desire to Annex the Republic.

SPENT AN INTERESTING DAY

President Was Guest of Panama Executive—Relations Most Cordial—Visit to the Great Cut Feature Yesterday.

Panama, Nov. 16.—President Taft tonight effectually disposed of the report that the United States was likely to annex Panama. At a dinner given in his honor by President Arosemena and attended by 200 prominent officials, diplomats and merchants, President Taft aroused declared that the American people would feel utterly dishonored in annexing Panama, unless some conduct on the part of the Panama people left no other course. This contingency Mr. Taft was sure would never arise.

The President arrived at Panama at 6:30 o'clock this evening from Culebra, after spending an interesting day in the great cut, where he was completely surrounded, often times with giant shovels, puffing drills and hurrying dirt trains, while occasional distant blasts sent up tons of rocks. The recent land slides were visible, but they were in no wise disturbing the President or Lieutenant Colonel Goethals, the latter saying that they will be taken care of as they occur, until the degree of wall slope prevents a recurrence.

The president this afternoon reviewed the marines at Camp Elliott, later hearing grievances committees, who asked for an increase in pay. This, however, is not likely to be granted in view of the fact that the wages of the men are already higher and the cost of living much lower than in the United States.

Immediately on his arrival in Panama the President proceeded to the American legation where he was called on by President Arosemena. Mr. Taft returned the call at the Palace and then proceeded to the banquet.

A cordial address was made by the Panama President. After referring to the relations between the United States and the Panama republic, which relation President Taft declared, "neither calls for or permits annexation," the President said:

"We are here to construct, maintain, operate and defend the world canal which runs through the heart of your country and you have given us the necessary sovereignty and jurisdiction over that part of your country occupied by the canal to enable us to do this effectively. We do not wish any further responsibility in respect to your government than is necessary in carrying out of our purpose to construct and maintain this canal. We have no desire to add to the territory under our jurisdiction, except as the operation of the canal may require it.

"We guarantee your integrity as a republic and for us to annex territory would be to violate that guarantee, and nothing would justify it on our part so long as Panama performed her part under the treaty.

"I wish to make this statement as emphatic as possible, because irresponsible persons, without the slightest foundation in fact, have started a rumor that my visit to the isthmus is for the purpose of promoting annexation, when nothing could be further from the truth. Panama can not be too prosperous, too healthy, too strong a government for the United States and I know I speak the unanimous voice of the people of the United States when I say that they would be most reluctant to have to take over the responsibilities of government beyond the canal zone, and would feel utterly dishonored in so doing unless there was some conduct on the part of the Panama people which left them no other possible course.

"I am glad to say that there is not the slightest indication or probability that the Panama people will ever pursue a policy which would require such a change in the present most satisfactory relations between the two republics."

CUSTOM FRAUD ALLEGED.

True Bill Against Steward of Steamer and a Merchant.

Norfolk, Va., Nov. 16.—The Federal grand jury today returned true bill indictments in cases of alleged customs violation against Nicholas Liguiri, formerly steward of the British steamer Celtic Princess, and Harry A. Morwitz, a merchant of Newport News, Va. Liguiri was indicted for importing merchandise without paying proper customs duty and Morwitz for receiving and buying certain merchandise knowing the same to have been imported contrary to law. Not a true bill was returned in the case of H. Lawrence, an officer of the steamer Celtic Princess, charged with interfering with customs officers.

ACCIDENTS MARRED AVIATION EVENTS

Successful Flights by McCurdy and Ely in News & Observer Meet.

AN AUTOMOBILE RAN AMUCK

Five Persons Injured, Two Perhaps Fatally—McCurdy Machine Damaged in Two Rapid Descent—Programme for Today.

(Special Star Telegram.) Raleigh, N. C., Nov. 16.—McCurdy and Ely gave successful flights here this afternoon at the News and Observer aviation and automobile meet, using Curtiss bi-planes.

In alighting, McCurdy, whose machine was going at over 60 miles an hour, in avoiding running into a fence crowded with people, swerved his machine to the right while it was running on the ground and the lower left hand plane was broken and torn, putting the machine out of commission.

Flights will be made again tomorrow however.

Between the events of the automobile race and the aeroplane meet, five women were injured as an automobile broke through the race track rail and plunged into the crowd on a turn.

The car, a Jackson, 40-horsepower, was being driven by Mrs. H. D. Woolcott, of this city, her husband with her. It swerved on the turn and the end skidded, the car going through the fence and down a five-foot embankment. The car smashed into the crowd and injured five women, three white, of Wake county: Mrs. A. H. Mooneyhan, ankle and three ribs broken; Miss Salie T. Lipeberry and Miss Ella Bacon, of Apex, N. C. bruised; two colored, of Durham, Ada Bryant, skull fractured; Alice Castleberry, injured about shoulders. The condition of Mrs. Mooneyhan and Ada Bryant is critical.

Mrs. Mooneyhan is the wife of a member of the merchantile corporation of the Dobbin Ferrell Co., here. Mr. and Mrs. Woolcott were speeding their Jackson car around the race track, Mrs. Woolcott at the wheel when the car skidded, and plunged through a fence into the crowd of spectators. Mrs. Woolcott fainted, her husband seized the wheel and shut down the power. Neither of the Woolcotts nor the machine was seriously injured.

However, the car ran over Mrs. Mooneyhan, breaking a leg, and inflicting internal injuries. Alice Castleberry, colored, of Durham, and her skull fractured. Ada Bryant, also of Durham, was terribly mangled, there being no hope for the recovery of either of them and only a fighting chance for Mrs. Mooneyhan.

The flying machines manned by McCurdy and Ely, made the successful flights between 4 and 6 o'clock. McCurdy was first, with a flight lasting the race track, extended some distance to the eastward, but when he made his descent he alighted at such high speed, he would have crashed into the race track fence. But for the machine having careened so as to dig the right plane into the earth, it would have been wrecked and possibly the aviator injured. The right plane was smashed and the machine was otherwise injured.

The automobile races resulted: First prize, E. B. Lyon, Durham, driving a Thomas Flyer; second prize, H. D. Woolcott, driving a Jackson; third, C. B. Parks, driving a Hudson. There were 12,000 spectators.

POPULATION OF VIRISCO.

Census Shows Increase of 21.6 Per Cent—Other Cities.

Washington, Nov. 16.—The population of San Francisco is 416,912, according to the statistics of the nineteenth census made public tonight. This is an increase of 74,139 or 21.6 per cent, over 342,772 in 1900.

Population statistics were made public this afternoon for the following California cities:

Oakland, 150,174, an increase of 32,214 or 21.4 per cent; compared with 66,960 in 1900.

Berkeley 49,434; an increase of 27,220, or 206 per cent, compared with 22,214 in 1900. Alameda, 23,383, compared with 16,464 in 1900.

The population of the State of Indiana is 2,700,810. This is an increase of 184,414, or 7.3 per cent, over 2,516,402 in 1900. The increase from 1890 to 1900 was 324,000 or 14.8 per cent.

The population of Great Falls, Mont., is 13,948, a decrease of 982 as compared with 14,930 in 1900. Director Durand in a statement said the Great Falls returns as originally received showed a total of 23,324 or 8,376 more than the correct count. The director attributes the attempted padding to three out of twelve enumerators of the city, 60 per cent of whose returns, he says, were fraudulent. The three men were arraigned Tuesday and two of them sent to jail for 24 hours each and fined \$150 each, while the third was in prison for 48 hours and fined \$200.

HIS DEATH ANNOUNCED.

Handsome Monument Given by Pennsylvania in Honor of Northern Soldiers—Given Ovation by Carolinians.

Salisbury, N. C., Nov. 16.—With impressive ceremonies the State of Pennsylvania today unveiled a handsome monument in the Salisbury Federal cemetery in honor of 2,500 Pennsylvania soldiers buried here during the Civil War.

Stuart, of Pennsylvania, his staff, a company of Federal soldiers, and several hundred survivors of the Civil War, were given an ovation in North Carolina by Governor W. W. Kitchen, assisted by State officials and citizens of this city.

The monument which was erected at a cost of \$15,000, was presented to Pennsylvania by Major Louis R. Fort, of Philadelphia, and was accepted in a fitting speech by Governor Stuart. Governor Stuart also presented the shaft to the National government; and it was accepted by General U. S. Mills, as a special representative of the United States.

The monument was formally unveiled by Miss Elizabeth Walker, a daughter of Colonel James D. Walker, of Pittsburgh. It consists of a granite base on which stand two black marble pillars bearing a dome on the apex of which is a bronze figure representing a prisoner of war.

TWO MEN SMOTHERED.

Negro Laborers Victims in Charlotte Cotton Oil Plant.

Charlotte, N. C., Nov. 16.—Alexander P. Stevenson and Wm. Long, negro laborers at a local cotton oil plant, were smothered to death today under a quantity of cotton seed. The men were engaged in shovelling the seed into a tunnel when without warning the bank of seed on each side, reaching a height of about fifteen feet, began caving, burying the men before they could be saved.

DEATH OF TOLSTOI IS NOW REPORTED

London Papers Announce Demise But Other Dispatches Are to Contrary.

WRITER ILL FOR SOME TIME

Conflicting Reports Leave Question of Doubt—One Dispatch States He Has Passed the Crisis. Other Rumors.

London, Nov. 16.—All the London morning papers announce the death of Count Tolstoy, based on special dispatches to a news agency from St. Petersburg and Moscow, and publish long memoirs.

After the issuance of the papers there was a considerable element of doubt as to the actual death of Tolstoy, following the receipt of a Russian news agency dispatch from St. Petersburg stating that the death of Tolstoy was unconfirmed.

The Times publishes a dispatch from St. Petersburg, dated 1:51 A. M. as follows:

"News of Tolstoy's death reached here only a few minutes before the dispatch of this telegram. No details are yet known here. Conflicting rumors prevailed the whole of yesterday. It seems that the journey in a crowded train from the monastery during which Tolstoy was compelled, by lack of room to stand on the platform, exposed to bitter cold and rain, was the direct cause of the inflammation of the lungs, which unhappily proved fatal."

News at St. Petersburg. St. Petersburg, Nov. 16.—The report of the death of Count Leo Tolstoy at Astapova was received here last night by the various newspapers and agencies. The Moscow Vremya's Moscow correspondent first telegraphed that Tolstoy was dead, but at an early hour this morning he sent a further dispatch saying that a message had been received from Astapova that Tolstoy was living and that the crisis of the disease had been passed.

At 4:15 o'clock this morning the Vestnik News Agency reported that the death of Tolstoy was not confirmed.

The reports emanating from Astapova, where Tolstoy has been lying with a high fever for two days, have been conflicting throughout. The official diagnosis as given by the attending physicians Tuesday night was that Tolstoy was suffering from an inflammation of the lower lobe of the left lung, but that no immediate danger threatened. His heart action at that time was said to be good and his temperature was practically normal.

Only the day before, according to the doctors, Tolstoy's temperature was 104 and he was in a delirious state. On Wednesday the attending physician confirmed the original diagnosis, but added that the inflammation was spreading and that the condition of the patient was critical, although not hopeless. His temperature during the night rose to 103.6 and he had an attack of bleeding from the lungs. Some time later it was reported that his temperature had fallen to 98.6. Then came the report of his death and finally a message from Astapova that he had successfully passed the crisis of the disease.

Roanoke, Va., Nov. 16.—The synod of Virginia and the Southwest Virginia synod of the Lutheran church in joint session at Salem, Va., tonight reached a decision to remove the Marion Female College, from Marion, Va., to Salem. The institution has outgrown its present buildings. Salem and Roanoke together gave a site and \$10,000 to secure the college for Salem. The only other Lutheran Female College in the South is located in North Carolina.

WESTERN N. C. CONFERENCE

Sessions Called to Order at Winston. Salem Yesterday—Opening Sermon by Rev. Plato Durham—Much Business.

(Special Star Telegram.) Winston-Salem, N. C., Nov. 16.—When Bishop Eugene R. Hendrix called the Western North Carolina Conference to order at 9 o'clock, a large number of delegates answered to their names. The Bishop conducted the devotional service emphasizing the friendship of Jesus. Rev. W. L. Sherrill was re-elected secretary for the 18th time.

Call of the 20th question begun, and the characters of superannuated and supernumerary preachers were passed. J. W. Wheeler, of Charlotte, is at present closing his 50th year in the ministry. C. W. Byrd, R. E. Hunt, A. H. Whisner were received by transfer from other conferences, other transfers to be announced later. C. E. Hayes was discontinued at his own request. A class of five was advanced from the first to the second year. A new district, known as North Wilkesboro, will be recommended. The afternoon was given to committee meetings.

Rev. Dr. A. S. Parker addressed the Epworth League anniversary this evening.

Last evening in Centenary church, a large congregation heard the sermon of Rev. Plato T. Durham, of Concord. He used as the theme of his sermon the character of Amos, the Prophet, emphasizing the strong points in his character, and urging the preachers of today to possess these same strong points in their lives.

Mr. Durham was heard with close attention throughout his sermon. He is a pleasing speaker, and the modesty which characterizes his life is apparent in his pulpit presence. He is free from all self-seeking and egotism.

Conference rumor says that Mr. Durham is the choice of Grace church, Wilmington, as the successor of Rev. T. A. Smoot, recently transferred to the Virginia conference. It is also said that a church in Atlanta is making an effort to secure Mr. Durham as pastor.

Discussions pro and con were heard before adjournment of today's session with reference to the movement to establish two secondary schools in the borders of the Mount Airy district. Final action on this matter, however, was deferred until a later date.

AFFAIRS AT LUMBERTON.

Convict Dies of Fever—Alarm of Fire.—Sheriff McLeod's Return.

(Special Star Correspondence.) Lumberton, N. C., Nov. 16.—James Godwin, a young white man who, with two other convicts, was sent to jail from the chain gang some days ago on account of being sick died in the jail here today from typhoid fever. It is said that another one of the men had the fever, but he is now able to be up. Godwin came to this county from Columbus and got into some trouble which put him on the chain gang for two years. His first year was out last July.

An alarm of fire was given about 1:30 today and it was soon found that the woods were on fire outside of town. A man engaged in cutting wood made a fire to warm himself and let it get away from him. Considerable damage was narrowly averted.

Mr. Hamilton in a short time expects to be talking to steamers on the ocean and several seaport towns. No commercial business will be handled. Mr. Hamilton's idea being to give young men instruction in learning the business.

CATHOLICS CLOSE ANNUAL SESSIONS

Denounced the Republic of Portugal and Educational Association.

SOME STRONG RESOLUTIONS

Horror Expressed at "Barbarous Offense" of New Republic—Officers Elected—At Columbus, Ohio, Next Year.

New Orleans, Nov. 16.—Principal among the resolutions adopted at the concluding session here today of the annual convention of the American Federation of Catholic Societies was one of denunciation of the administrative officers of the new republic of Portugal and of commendation of the State Department at Washington for delaying recognition of the new government.

Horror was expressed at the "barbarous inception" of the new republic. President Braga and his associates were scored for their alleged persecution of Catholics, especially according to the resolutions their harsh and insulting treatment of nuns and monks and the government was declared to be founded on injustice and ungodliness.

Following the adoption of the resolutions and the election of officers the Federation adjourned to meet next year in Columbus, Ohio.

The National Educational Association denounced "for attempting to set up in this country, an educational trust as a menace to individual liberty and to the primary rights which every American citizen enjoys of choosing the kind of education which he may wish to give his children."

The Federation declared against the substitution of ethical teaching for religious training in schools and colleges, protested against Bible reading in public schools, deprecated the use of public funds or of public buildings for lecture courses in philosophy, literature or science, urged the establishment of more parish schools and demanded "some equitable compensation" for the secular education given in Catholic schools.

Congress was urged to amend the postal laws so as to include within the scope of prohibited literature "books, papers, writings and prints which outrage religious convictions and contain scurrilous and slanderous attacks upon the faith."

Discrimination against the employment of Catholics in the public service because of their religion was condemned. The furtherance of mission work among the Indians and negroes was urged.

In connection with the announcement of President Feney that for the first time the Federated Catholic Societies were represented by two fraternal delegates to the convention of the American Federation of Labor, now in session at St. Louis, resolutions were adopted expressing sympathy with every legitimate effort of organized labor for a living wage, reasonable hours, protection of life and limb, workmen's compensation and decent and helpful conditions in the home, shop, mine and factory.

The evils of child labor was deplored as was the "traffic" in divorce. Catholics everywhere were urged to make, promote and vigorously protest against the publication of every newspaper or magazine article unfavorable to the church and to withdraw support from all such publications, whose management paid no heed to written or oral protests. The establishment of an International Catholic Press Association was endorsed.

The concluding resolution follows: "We protest against propagandas which embitter the working man, preach a gospel of class hatred, of confiscation of private property, make marriage a mockery, deny paternal rights and responsibility and proclaim State control and even ownership of the child."

The following officers were elected: Edward Feeney, Brooklyn, president; Anthony Matre, St. Louis, secretary; C. H. Schulte, Detroit, Mich., treasurer; Anthony Kuhns Hayes, Kansas, marshal; Joseph Red Willow, S. D., color bearer.

The new vice presidents elected were: Julius A. Color, Shakopee, Minn.; C. W. Wallace, Columbus, O.; John T. Kelley, Milwaukee, Wis., new members of the executive board were Henry Wesseling, Boston, and F. W. Heckenkamp, Quincy, Ills.

WAS CLUBBED TO DEATH.

Searching in Virginia for Murderer of Man at Bakersville.

Petersburg, Va., Nov. 16.—Bloodhounds are tonight in Dinwiddie county trailing a negro, whose name is given as John Spain, wanted for clubbing Robert M. Price, aged 47 years, of Bakersville, N. C., on the head and causing his death. Price tonight in the Petersburg hospital. The negro, a laborer employe on railroad construction, near this city yesterday, struck Price who was foreman of the gang with a heavy club and fractured his skull. The negro, in ensuing excitement, made his getaway. Bloodhounds brought from Suffolk, Va., were placed on his trail, but up to a late hour tonight the negro had not been captured.

AMUSEMENTS

Academy. Bijou. Joyland. Palace.

Tonight the Academy of Music will make another delightful offering, adding another bright gem to the glittering list of big New York attractions already offered in Wilmington this season.

Tonight's attraction will be Clyde Fitch's greatest comedy, "Girls," which had a phenomenal run of an entire year at Daly's, New York City. It is a comedy of the rarest, brightest kind and it will be given an elaborate production, while the cast will be a superb one. Seats went on sale at Plummer's yesterday and indications are for a big audience tonight.

The Charlotte press gives high praise to the show. The Observer, The Chronicle and The News each pronouncing the attraction a splendid one. The following is the criticism from the Charlotte News:

"The comedy, 'Girls,' appeared at the Academy of Music yesterday afternoon and last night and while the audiences were not very large, the people who did witness the show were immensely delighted with it. It is pure comedy, depending on the smartness of its lines and the ability of the actors to make the piece go. There were no musical numbers introduced into the piece with the exception of the 'oath song' of the three man-haters, and the comedy was so good and wholesome that the music was not missed.

"The cast was an exceptionally good one, each individual playing his or her part for all there is in it, and no one trying to take all the credit. Miss Mabel Mortimer, as Pamela Gordon, was possibly the most experienced actress on the stage and her work was excellent, though she did not make quite the hit with her lines as did Miss Alice Penner, as Lucille Purcell, or Miss Lorraine Marshall, as Violet Landseown. Miss Kate Guyon, one of the three 'man-haters' was decidedly the most attractive of the three girls and held the interest of the audience closer than did any of the other characters. She has a sweet speaking voice, an attractive appearance and a charming personality that pleases the audience immensely.

"The male members of the cast were good, too, and while Mr. Frank Raymond, as Frank Boot, had the best comedy part, Mr. Ralph Herbert deserves a great deal of credit for keeping the show moving all the time and injecting into it the startling features.

"Girls' is a pretty, simple, laughable story and it was told in a most entertaining manner last night by a charming bery of girls with excellent support by the masculine members of the cast."

The Spielgartenfest.

Pretty girls, catchy music, beautiful costumes and an endless chain of dancing novelties is what is promised theatre-goers Friday and Saturday, not counting the singing and electrical effects thrown in for good measure. One unaccustomed to stagecraft profession cannot realize how much hard work and patience is required by the director to produce a really creditable show. For instance, Mr. Harry Foote, who is producing the Spielgartenfest, which will be presented here Friday and Saturday afternoons and nights, has his hands and his brain working from early morning until late at night. In the short space of three weeks Mr. Foote has rehearsed two different and distinct shows. His duties are divided between attending rehearsals, composing songs, lyrics and dances, attending to advertising, giving out costumes and many other important things which must be done thoroughly to make the play a success. At the performances he directs the orchestra and prompts those upon the stage. All signals are given with electric push buttons.

At last night's dress rehearsal a surprise performance was given. Even those taking part could not tell but what they were one of a great professional aggregation, so accurately did they perform their parts. Not a hitch in the many difficult singing and dancing numbers could be detected and especially prominent during the rehearsal were the many novelties introduced never before seen in Wilmington. Those especially clever in their stunts were the Dutch girls in their wooden shoe song and dance, "Der Faderland for Mine." The Yama Yama girls were exceedingly sprightly and danced very grotesquely as did the Pierrotte and Spanish dancing girls. Two very good numbers will be the ballet dance by Miss Sadie Booker and the Scarf dance by Miss Helena Weil. A fine buck and wing dancer will appear at Friday night's show. Watch the sparks fly. The Double Sextette, Skipping rope and many other novelties go to help entertain those in the audiences. Seats are on sale at the Academy box office from now on.

A Big Savage Production.

Next Monday night the Academy will make another big offering in Henry W. Savage's production of "Madame X," which is a drama of powerful intensity and which has scored more wonderful success than "The Great Divide" and plays of that high standard. The press of the cities in North Carolina, played while the company was going South last week, have highly praised the attraction, while many individuals have given personal testimony as to its merit. For instance, the following is copied from the Salisbury Post:

"Mr. W. T. Bost, city editor of the Durham Herald, is in the city today, having spent Sunday in Albemarle with Mrs. Bost and Mr. and Mrs. A. L. Patterson.

"Mr. Bost regards 'Madame X,' which comes here tomorrow night, the best production that has been brought to North Carolina in several seasons. In speaking of the company's appearance in Durham Friday night, he said:

"'Madame X' is the most thrilling drama I have ever seen. It is played by a cast of 25 people, eight or ten of whom assume large parts and are

stars. Miss Doyle, as the "madame" is a wonderful actress, the demands of her roles requiring a range, the like of which one rarely sees. Beginning as a young, beautiful mother, cast out by a jealous husband, a wandering outcast, later a murderer to shield her son whom she has not seen since infancy, defended by him, unknown by and unknown to him, then death on the stage, these are the requirements of her lines. Around her, revolves a story, much of it delightful comedy, in which there is better playing than one often sees with mysterious 'Madame's' part eliminated. The trial is thrilling and dignified, while a pathos so persistent that the audience cannot repress its tears, runs through it all. It is universally accorded the primacy in plays coming thus far to Durham."

At the Bijou Today.
The programme at the Bijou today will include three fine pictures, the titles of which are: "You Stole My Purse," "Who's Who," comedy sketches, and "An Arizona Romance," a great Western drama that has its beginning in New York but culminates in the wilds of Arizona.

The feature picture for today will be the "Cowboy's Daring Rescue," one of those Western dramas full of interest. The big Imp. comic feature, "The Fin Coat" will also be offered. This deals with the life of a tramp and is full of good comedy. Programme changes daily, 2:30 to 11 P. M.

The Small Boy's Revenge.
A family whose means were limited was expecting company for dinner and the thoughtful mother instructed her small son how to behave at the table and also told him there was one thing on the table he was not to ask for.

The appointed time came, and things looked very tempting, especially to the small boy, who suddenly said, "Say, ma, I want some of that," pointing to a plate of cheese.

The mother cast reproving glances upon him, but the child continued, "You going to give me some of that?" The mother again tried to attract the boy's attention to his error by stepping upon his toes, but it was of no use, for he continued, "Give me some of that or I'll tell." Beginning to count he said: "One, you going to give me some? Two, you going to give me some? Three, my pants are made of the old window shades."

Baked Men.

Workers in porcelain factories are literally baked, but by some miracle they remain sufficiently underdone to live. At least if they are not quite baked they endure a stronger heat than that which browns the Sunday stricken. The furnaces wherein porcelain is finished are kept at the fiercest heat used in any industry. A chain of workmen, their heads and bodies swathed in fireproof garments, take the finished pieces from the fire one at a time and pass them to the cooling room. The man at the head of this chain—he who stands nearest the furnace—can only work in five minute shifts. In his lateries of rest he lies on a mattress drinking glass after glass of ice water from the hands of a small boy. At lunchtime all about the chain of men steaks grill.—Philadelphia Bulletin.

How Files Are Sharpened.

When the teeth of files have become worn and dulled by use they are resharpened in a very easy manner with a "sand blast." The file is passed into an opening in a chamber, and a stream of fine sand and water is blown with terrific force by means of steam against the backs of the file teeth from a certain angle. Each of the countless millions of sand grains does its little share in grinding away the tooth surface, and so the result is a smooth and sharpening up of the teeth. Files which are newly cut may also be brought to a greater degree of perfection and sharpness by means of the sand blast.—Pearson's.

GOOD SENSE.

Good sense is a fund slowly and painfully accumulated by the labor of centuries. It is a jewel of the first water, whose value he alone understands who has lost it or who observes the life of others who have lost it. I think no price too great to pay for gaining it and keeping it, for the possession of eyes that see and a judgment that discerns.—Charles Wagner.

A Clumsy Compliment.

She (to partner claiming first dance)—You are an early bird, Mr. Glossiest. He (gallantly)—Yes; and, by Jove, I've caught the worm!—London M. A. P.

Are You Hard on Shoes?

Many a man says he is hard on shoes when the fact of the matter is his shoes have tricked him. If your shoes go to pieces unreasonably soon it's the fault of the maker. To meet competition he has skimmed and scalped and substituted inferior for honest materials till there's nothing left but looks.

PURE CRYSTAL ICE.

Our process of ice making is sanitary in every particular and has stood the test of time. Only pure artesian water used, from a well one hundred and fifty feet deep, to produce live steam, afterwards condensed and frozen in clean moulds of uniform size, producing ice at a temperature suitable for all domestic and refrigerating purposes. Such ice is economical on account of no tendency to "flake" or break up when used and thus great loss is prevented.

Ice must melt to refrigerate and ours lasts longer in melting than any made.

Let us obviate your ice troubles. Quick service, Quality and Quantity assured.

Down - and - Out Club Is Organizing in Washington

Washington, Nov. 16.—Senator Depeu, of New York, has agreed to organize an X club. The club is not to be for the poor, but for the "down and out" men. He has already asked three men to join, but they don't quite see the New York Senator's point. Howbeit, Depeu is going to meet up senators when he returns to Washington for his brief visit in December. There is plenty of material, and Depeu thinks a little gold X will be very well for a club pin. Beveridge of Indiana, Keen, of New Jersey, and Scott, of West Virginia, are selected as charter members, but those three men don't think they ought to go back to Washington, but just how has not been explained.

JAPANESE STREETS.

They Swarm With Sideshow and Playing Children.

A Japanese street is a delightful place to play in, for grownup people in Japan do not seem to mind if the tall of a kite flaps right into their smiling faces and only laugh when they are turned out of their way by some huge peep which hums like an angry bee around their feet.

Wee, dark eyed maidens in butterfly kimonos of brilliant coloring turn their skipping ropes gayly, the tiny black heads of the babies they carry strapped to their backs bobbing up and down like small round balls. Their brothers play at "tags," which is a favorite game of theirs. They divide themselves into two parties, one carrying white flags and the other red ones. At a given signal the "reds" attack the "whites," striving to wrest away their flags, and the side which carries off most of these is proclaimed victor.

Wonderful conjurers are to be found at the street corners. They make swarms of birds fly from crystal bowls and flowers spring as if by magic from slender stems of bamboo.

Others show marvelous devices harnessed with wax to paper carts, or command the snakes that accompany them everywhere to perform extraordinary tricks.

A little farther on you will find an old woman who is making a curious sweetmeat of beans, called "torfu," over an oval brazier, and you can buy a big slab of this wrapped up in a cool leaf for a very small sum or, if you prefer it, a piping hot griddlecake costing no more. Aerobats, too, are as common as conjurers, and surely in no other land than this quaint little Japan do they twist themselves into such strange shapes.—Home Chat.

Chamois Tobogganers.

"Chamois toboggan down the steep white sides of the Alps with the skill of Norwegian skiers," said a millionaire. "I know," he went on, "for I have seen them do it. I spent a winter at St. Moritz, and on many a skating trip I saw a chamois lie on his back and go skimming like the wind down a white precipice—a pretty sight. The creature's paws would be folded on his breast. His head, uplifted and frowning, would keep watch. Thus he'd skim down a half mile slope, growing smaller and smaller and finally disappearing in a whirl of snow."—Philadelphia Bulletin.

A Real Disappointment.

"Yes, sir," Uncle Eben said to his nephew, "there are all kinds of disappointments in this world, Charley, and some of 'em are worse'n others. But they're all jest ways of feelin' bad for a minute, I guess. 'Bout the disappointin' disappointment I ever have is when I feel and feel like sneezin' and it won't sneeze! That kinder gives you a notion of how all disappointments feel till you get over 'em."—Youth's Companion.

The "bargain hunter" is no longer the woman who merely haunts the stores. She is the woman who watches the ads and goes to the stores strictly on business.

Read Star Business Locals.

Salt and Health.

Few persons understand the therapeutic value of salt. A little salt in one's drinking water is "good medicine." Salt applications to the skin are wonderfully soothing and wholesome. There is nothing better as a wash for the throat and the nasal passages to prevent or to cure catarrhal troubles than a solution of common salt in plain water—the cheapest remedy one can find. Many persons give their eyes a daily bath of cold salt water with satisfactory results.

The Married Voice.

A dramatic critic has been saying that our most accomplished players cannot reproduce on the stage the "married voice," even when they are married. There is a peculiar domestic note—used at home—which cannot get over the footlights and was never meant for publicity.—London Chronicle.

Soporific.

"I heard one man," said the playwright, "who attended the premiere of my new play last night complain that it was so late when he got out."

"Yes?" queried the critic.

"Yes, and yet the final curtain fell before 10:45."

"Ah, perhaps he overslept himself!"—Catholic Standard and Times.

In Half Mourning.

"I don't understand you, Linda. One day you're bright and jolly and the next depressed and sad."

"Well, I'm in half mourning; that's why."—Fliegende Blätter.

Lost Both Ways.

"Did you get in without your wife hearing you last night?"

"No, and I didn't get in without hearing her, either."—Houston Post.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Wilmington women know the aches and pains that come when the kidneys fail to make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Wilmington woman's words:

Mrs. Laura E. Hand, 809 Ann St., Wilmington, N. C., says: "I am willing to recommend Doan's Kidney Pills as they did me a world of good. I suffered from dull, nagging backaches and had such severe pains across my loins that I was prevented from sleeping well. The kidney secretions also caused me annoyance. When I saw Doan's Kidney Pills advertised, I procured a box from Robert R. Bellamy's drug store and they did me more good than any other remedy I had ever taken. The backache ceased, my kidneys became normal and I could go to bed and obtain a full night's rest."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

For Business Use

There are a great many places and occasions when the possibility of getting extra heat immediately effects an economy by decreasing the discomfort of the worker. In the office, in the early morning or late at night, before or after the steamheat is on, it is of importance to have extra heat. In the builder's outside office, in the shipping room, in the checker's shack, on exposed lofts, in railroad stations, in studios, the

PERFECTION
SMOKELESS
OIL HEATER
Absolutely smokeless and odorless

is often a necessity. It is safe, smokeless and odorless. Apply a match, and it gives heat quickly. With four quarts of oil it burns nine hours. Has automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant.

It has a cool handle and a damper top. An indicator always shows the amount of oil in the font. The filler-cap it is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in Japan or nickel. It is strong, durable, well made, built for service, yet light and ornamental.

A Canadian paper alleges that
Maine be annexed to Canada. There
should be no foreign interference
with the head of the Democratic pro-
cessions.

When we want anything we expect
it to come to us. When we desire it
we go after it. Don't fix your desires
upon what the other fellow has—that
is, to such an extent that you'll be
caught going after it.

A Californian who has been mar-
ried five times, declares that "mar-
riage is a lottery, a gamble." He
ought to know. However, he might
have added that it is a game in which
nobody gets cold feet.

We have cotton millionaires, rice
millionaires and tobacco millionaires,
and it's about time to have a peanut
millionaire. Eastern North Carolina
is the country to make the peanut
millionaire, if the price keeps up.

"We'll beat them to a frazzle!" said
the egotistic Teddy, but it simply didn't
dazzle voters who were good and
ready. "We knocked them through the
ropes!" said the man from Oyster
Bay, but he never dashed the hopes
of the winners in the fray.

We have seen some men so anxious
to secure some coveted political hon-
or that they would make enemies of
hundreds of friends to get it. The
pestiferous office-seeker frequently
gets a political plum that isn't at all
in it with a luxuriant watermelon
patch in July.

A New York man who died provided
in his will for the expenditure of \$500,
or \$41.66 2-3 a plate, to furnish a ban-
quet for twelve of his friends. The
same money, at 50 cents a plate,
would have indicated that the dead
provider of the banquet would be en-
titled to future consideration.

Three more magnificent govern-
ment buildings are to be erected in
Washington at a cost of \$7,500,000.
They are intended respectively for
the Department of State, the Depart-
ment of Justice, and the Department
of Commerce and Labor. Washington,
already the world's most beautiful
capital city, is destined to be the
most magnificent seat of government
in all the Nations. No American can
behold Washington without a thrill
of pride.

In speaking of the third annual
convention of the North Carolina drain-
age association to be held in Wilming-
ton November 21, 22, 23, and mention-
ing the speakers and interesting dis-
cussions to be had then, the Char-
lotte Evening Chronicle says: "The
convention will be followed on De-
cember 7th-8th and 9th by the meet-
ing of the National Rivers and Har-
bors Congress, in Washington, of
which the North Carolina Waterways
Association is a part. It is through
this body that Congress will be quite
likely influenced to appropriate the
money to give Wilmington a 30-foot
channel to the sea." North Carolina
should be represented at these vitally
important conventions to be held in
Wilmington and Washington. North
Carolina's future progress and devel-
opment lies more than anything else
in development of her waterways, the
construction of good roads and the
drainage of her vast areas of fertile
lands! North Carolinians should
wake up to the great importance of
these subjects. All classes of our peo-
ple should manifest a keen interest
when any one of these developing fac-
tors is mentioned. Widespread in-
terest and actual work will bring
about achievements that mean big
things for North Carolina.

CHARLOTTE TO WILMINGTON HIGHWAY.

While interest is still at fever heat
and all the counties are ready to co-
operate heartily, vigorous steps
should be taken to get this project
going at the earliest possible mo-
ment. Interest must not be allowed
to wane and relapse into indifference.
Let's keep the axle red-hot till the
plans are perfected and the project
is accomplished.

At Hickory on Monday there was
an enthusiastic meeting in the inter-
est of the highway from Charlotte and
Salisbury to Asheville, and the out-
come was that it was decided to have
the enterprise chartered so the con-
struction of the highway can be fac-
ilitated. It was decided to have the
project incorporated as the State
Highway Company and when the Gen-
eral Assembly meets in January it
will be asked for a charter. In this
convention the Charlotte Evening
Chronicle makes this suggestion in
connection with that company:

"When it goes before the Legisla-
ture with its charter, it will be able
to present a full bill of particulars. It
will show the exact mileage in each
township, with the cost of sand-clay
and macadam sections, bridges and
culverts. No road project was ever
more thoroughly worked out. And
here comes a suggestion. If this
State highway project ought to be
able to pull the Wilmington-to-Char-
lotte highway along. The promoters
of that highway are invited to join
forces with this perfected organiza-
tion. To this end the Chronicle would
urge Colonel Dockery to have his pro-
moters from each county in Charlotte
on November 30, to meet with the
executive committee of the State
Highway Company, amalgamate with
that committee, put its plans into ex-
ecution and go before the Legislature
with greatly augmented strength. By
adopting the plan adopted at Hickory,
the Wilmington-to-Charlotte road could
be built simultaneously with the Char-
lotte-Salisbury-Asheville road. The
point is, here is the way provided for
the Wilmington road—the chance to
drop talk and take up work. If No-
vember 30 will be a convenient date
for Colonel Dockery, the executive
committee named at Hickory will be
here and in a day the joint organiza-
tion could be perfected. We would
like to know what Colonel Dockery
thinks of the scheme."

We are inclined to believe Editor
Harris has made a capital suggestion.
What's the matter with incorporating
the scheme, as originally intended, as
the Mountains to the Sea Highway? It
will look bigger and will be just as
easily of accomplishment. A high
way from the Atlantic to the Appala-
chians, to cover a distance of proba-
bly 400 miles would attract greater at-
tention and create a greater amount
of enthusiasm all along the route. All
the counties between Wilmington and
Charlotte seem to be thoroughly in
earnest about our end of the highway,
and the Hickory meeting would indi-
cate that the people between Char-
lotte and Asheville are willing to give
us cards and spades. While we are
building a highway let's make it a
grand project. At any rate, it will
be a good thing for us Dockeryites to
get in touch with the State Highway
Company, whether we incorporate
with that project or not.

SINCLAIR AS A CAMPAIGNER.

One of the ablest and most effec-
tive Democratic campaigners in the
recent political contest in North Car-
olina was the Hon. N. A. Sinclair, of
Fayetteville. He did some splendid
work in the Sixth District, and thou-
sands of Democrats in the different
counties will appreciate the following
said of him by the Fayetteville Index:

"One of the finest campaign speak-
ers in the Sixth District or the
State is Solicitor Neil A. Sinclair. He
has been doing some fine work in the
Seventh Judicial District during the
last few weeks, notwithstanding the
fact that he had no opposition. There
are many Democrats in his
county and district who want to see
him go to Congress two years hence.
The Sixth could not send an abler
man."

Mr. Sinclair deserves every word
said so much to the point by our es-
teemed Fayetteville contemporary. He
was re-elected solicitor of the Sev-
enth judicial district because he had
served it with eminent ability as a
prosecuting officer. No district in
the State has a more vigorous or bet-
ter qualified legal official than Solicitor
Sinclair.

So far as Solicitor Sinclair's cam-
paign work is concerned, the Democ-
racy owes him a debt of gratitude for
his splendid work. He is distinctly a
man of the people and his sincerity,
frankness, and earnestness appealed
to the masses, as we have reason to
know. As a speaker he is clear, logi-
cal and convincing, and his manner of
presenting the issues was forceful
and inspiring. We know of no man
on the hustings who has developed a
greater hold on the confidence of the
people, and The Star quite agrees
with the Index that Mr. Sinclair is
one of the Sixth District's strong men.

When you have a shade tree plant-
ed don't set out a little, old scrubby
oak. Let it be a pecan tree, prefer-
able to all.

"Do grey mules die?" Is now the
question up for discussion by the
paraphraser's union. This indicates
that they are tiring of politics.

CURRENT COMMENT.

Democratic papers are still "point-
ing with pride" and Republican pa-
pers are still "viewing with alarm."—

of Marion Butler just now is: "Man's

the sting from our favorite expression
of "betting dollars to doughnuts." That
now means about even money.—

There was only one man in the
United States who could have pre-
vented the Republican nomination of
Theodore Roosevelt for President in
1912 had he desired it. That man was
Theodore Roosevelt, and he has done
it.—Wall Street Journal.

If 50 or 100 lads in different parts
of South Carolina can each produce
from 100 to 228 bushels of corn on a
single acre, it seems that there is no
reason why ten thousand grown men
should not produce corn at the same
rate on hundreds of thousands of
acres.—Columbia State.

The late Senator Dolliver described
Taft as "a good-natured man com-
pletely surrounded by men who know
exactly what they want; the ideal
President would be a high-principled
man completely surrounded by men
who know exactly what the people
want."—Houston Chronicle.

There has been considerable talk
of enlargement of the scope and
territory of the "Cumberland County
Fair" to make it the fair of not
only Cumberland, but of Robeson,
Sampson, and Bladen counties.
Re-organization and change of name
has been suggested. The idea
contemplates the enlistment of the
people of the counties named and the
larger attendance and more varied
and extensive exhibits incident
thereto, with perhaps more attrac-
tive premiums. An appropriate
name would be selected to embrace
the territory of four or five counties.
The Index considers it a capital idea
and hopes to see it materialize. Fayette-
ville is the great center of all this
territory and the people of these
counties come here to trade and many
of them attend the fair as it is. If
the fair were enlarged and improved
and the people of these counties were
made to feel that it belonged to them
—that it was their own fair, they
would take an active interest in the
enterprise and co-operate to make it
the biggest fair in the State, with the
one exception of the State Fair. But
unless some of the many gamblers
are cut out, many of the best people
of this entire section are going to use
their influence against the fair and it
will suffer. There is no reason why
a "Cumberland County Fair" should
be infested with more gamblers than
one seen at the State Fair.—Fayette-
ville Index.

New Building—McCurdy Lecture—
Football Game at Norfolk.
(Special Star Correspondence.)
West Raleigh, N. C., Nov. 16.—
Work on the new Engineering Build-
ing, just west of the textile building,
is progressing very rapidly now, and
from present prospects the building
will be ready for occupancy by the
Departments of Civil Engineering,
Electrical Engineering and Chem-
istry by the middle of January.

President Hill left this morning for
Washington, D. C., to attend a meet-
ing of representatives of all the Agri-
cultural and Mechanical Colleges
and government experiment stations
in this country to be held in that
city beginning Wednesday, and con-
tinuing two days.

One of the very best entertainments
ever given under the auspices of the
college lecture course was the
entertainment of the Singing Girls
in Pullen Hall Saturday night under
the direction of the Alkaleph Lyceum
Bureau. The next entertainment in
this course will be given Wednesday
night, November 23, by Henry W.
Sears, who will deliver his famous
lecture, "More Taffy and Less Epi-
taphy."

Last night in Pullman Hall, Mr. J.
A. D. McCurdy, one of Glenn H. Cur-
rier's team of fliers, lectured on the
subject, "The Science of Aerona-
tics." Invitations had been sent out
to all of the colleges of the State to
send representatives to this lecture.

With the definite announcement
this morning that Captain Hartzell
will be in shape for the Thanksgiving
game with V. P. I. in Norfolk next
week, A. & M.'s chances of winning
this great game are increased tre-
mendously. Captain Hartzell has
not been in shape to play in any of
the games this season except for a
few minutes in the opening game
with Georgetown, his place as quar-
terback being ably filled by Stafford.
In the game next week Captain Hart-
zell will be used at the left end po-
sition, which so far this season has
been looked after by Sherman and
Davis. With Hartzell and Selfert
looking after the end positions, A. &
M. will have two of the very best
ends to be found anywhere, as this
are sure tacklers and very fast, Hart-
zell being a ten-second man and Self-
ert close behind him. If Stafford
should be injured in the game Hart-
zell will be shifted to quarterback
and either Sherman or Davis will be
sent in at left end. The lack of a
good substitute quarterback has been
keenly felt at A. & M. this year, but
either Hartzell or Stafford to run the
team, A. & M. is now in the very
best shape.

Interest in the game next week con-
tinues to grow, nearly every student
in college having already made ar-
rangements to go and cheer the team

Boom at Bolton—Child Burned—Game
Prospects—Notes.

(Special Star Correspondence.)
Whiteville, N. C., November 16.—
There is quite a boom at Bolton, on
the Coast Line Railway in this county.
The W. R. MacRackan Co., a splendid
firm consisting of Mr. W. R. MacRack-
an, a hustling merchant of Vineland,
and his uncle Mr. Donald MacRackan,
are now putting up a large store build-
ing there, which will be stocked with
general merchandise. They expect
to open by December 1st.

Mr. Donald MacRackan owns 120
acres of land in the town, and on this
he will erect 25 nice houses to rent.
The Waccamaw Lumber Co., owns the
rest of the land in Bolton, and of
course it cannot be bought. Bolton
is one of the best points for business
in this section, and the eyes of mer-
chants have for some time been turned
on it. The Waccamaw Lumber Co.,
gives employment to some 800 hands,
besides Bolton is the centre of a
splendid farming country.

Mr. MacRackan will continue his
business at Vineland, and their Bolton
store is only a branch establishment.
Jesse, the 15-year-old son of Mr. Joe
Whiten near Grists, raised this year
85 bushels of corn on one acre.

At Exelsior, while Mr. J. L. Babson,
a prosperous merchant of that place,
was away from home, his wife staid
in the store to wait on customers. The
children were left in the house. The
dress of her little boy, three or four
years old, caught fire. His little sister
tried to extinguish the flames, and
finding that she could not do so by
herself, carried the child in the kit-
chen to his grandmother, who threw
a bucket of water over him. His
clothes were all burned off except the
yoke of the dress. He lived until
Friday in great agony. The loss of
her little child has prostrated the mo-
ther, and she is not expected to live.

Last Sunday between 2,000 and
3,000 people attended the unveiling of
a monument to Mr. Edward Todd, at
Tabor, in which the "Masonic frater-
nity" officiated.

Mr. W. F. Cox, of Guide, will make
two bales of cotton per acre this year.
The Messrs Currie, of Lebanon, raised
sixteen and a half bushels of potatoes
on a row and a half, about an acre and
a quarter long. They are so large
that Capt. J. D. Maultsby, of the Bank
of Whiteville, will send some to his
brother to exhibit at the Florida State
Fair.

Strawberry growers all report that
the vines never before looked more
flourishing, and a fine about an acre and
a quarter long. They are so large
that Capt. J. D. Maultsby, of the Bank
of Whiteville, will send some to his
brother to exhibit at the Florida State
Fair.

Rev. J. S. Crowley, of Wilmington,
will assist in a protracted meeting,
to begin at Rosindale on the 22nd. The
Waccamaw Game Club last week kill-
ed 14 deer. It was largely attended
and great sport had. Members from
a number of counties in the State were
there. But a number of deer are be-
ing killed this season without the pre-
serves of this club. Last Saturday
Mr. U. S. Crawford, a noted hunter
of Hallsboro, went hunting and killed
three deer, two at one shot. Mr. S. J.
Crawford, also from Hallsboro, shot
two more the same day.

DR. LITTLE DEAD.

Sudden Death of Prominent Young
Greensboro Physician Tuesday.
Greensboro, N. C., Nov. 15.—Dr.
Thomas R. Little, one of the most
prominent young physicians, died
here this afternoon at 4 o'clock from
an unknown cause. His family being
at home, he had been taking his meals
with his sister, Mrs. A. W. McAllister.
This morning he telephoned her he
could not be down to breakfast ow-
ing to not being able to sleep much
last night and he would try and
sleep a while this morning. He did
not go to lunch. Mr. McAllister rode
over to see if he was seriously sick
and found him in bed in an uncon-
scious state. Several physicians were
summoned and worked for several
hours, but could not revive him. They
cannot account for the cause, unless
he had paroxysms of coughs and died
from that or an acute attack of in-
fluenza. He had been a sufferer from
asthma and it is thought that in
coughing he might have broken a blood
vessel. His death is peculiarly sad as
his wife and three children are visit-
ing at his old home at Little's Mills.

Dr. Little is survived by two brothers
and two sisters, Rufus Little,
Miss Nan Little, of Little Mills, Rev.
Lacy L. Little, a missionary in China,
and Mrs. A. W. McAllister, of this
city.

Dr. Little was about 36 years of
age, moving here some years ago after
finishing school. Aside from hav-
ing an extensive practice he held a
position with the Southern Life &
Trust Co., as medical examiner. The
funeral will not be arranged until his
family reach home tomorrow at noon.

SKIN DISEASES HUMORS IN THE BLOOD

Nature has made ample provision
in the moisture and sunshine of the
air for the outward protection and
healthy condition of the skin. But
the more important work of nourish-
ing the cuticle has been left to an in-
ward source—the blood. It is from
the circulation that the pores and
glands receive their stimulus, and
the fibrous tissues are all preserved
in a healthy state because of con-
stant nutriment supplied by the blood.

It is only when the circulation be-
comes infected with humors or acids
that we are troubled with skin affec-
tions. The humors producing these
troubles are carried through the cir-
culation direct to the skin, and their
irritating or inflammatory effect re-
mains until the blood is cleansed.
S. S. S. cures Skin Diseases, because
it is the greatest of all blood purifiers.
It goes into the circulation and
REMOVES the acids and humors
which are causing the trouble,
builds up the weak, acrid
blood, and completely cures Ec-
zema, Acne, Tet-
ter, Salt Rheum,
pimples, rashes, and all eruptions
of the skin. When S. S. S. has driven
out the humors every symptom passes
away, the skin is again nourished
with cooling, healthful blood, natural
evaporation is renewed, and the skin
becomes soft and smooth. Book on
Skin Diseases and medical advice free.

TRIAL OF ANOTHER BIG SUIT

Action Brought by Switchman Stokes Against the Atlantic Coast Line, for \$15,000 for Injuries Received in Local Yards.

The United States Circuit Court is now in the midst of the trial of another big damage suit, the action being brought by N. M. Stokes, by his next friend, D. J. Stokes, against the Atlantic Coast Line Railroad Company, and is for \$15,000 alleged damages for injuries received by the plaintiff in an accident on the local yards of the company in April, 1909, while employed as a switchman. It being alleged that his injuries resulted from the engineer's disregard of a signal to stop his train, while on the other hand the railroad contends that the engineer moved his train in accordance with the signal which was given by Stokes himself.

The case was called shortly before the noon recess yesterday and the jury was selected in a short time, after which adjournment was taken until the afternoon. Mr. N. M. Stokes, the plaintiff, who was not 21 years old at the time of the accident, hence brought by his father, Mr. D. J. Stokes, was the first witness. His testimony was to the effect that his signal to the engineer was to stop the train and that after he gave this signal went in behind the cars, never thinking but that the train would remain stationary until he gave a different signal. The plaintiff contends that if the engineer received a signal to move his train it was given by another trainman nearer the engine, who had misunderstood the signal of Switchman Stokes. It is contended that the plaintiff was badly injured—one leg and several ribs being broken, several teeth being cut off and a number of bruises received in the accident. He was in the hospital here for treatment for some weeks and then went to the home of his father in Pender county. He testified that he was unable to walk without the aid of crutches for a year after the accident and has not been and is not now able to do any great amount of work by reason of the injuries received. The next witness was the father of the young man, who testified to the sufferings of the young man as he lay at the hospital and of his inability to perform the same amount of work he was accustomed to do prior to the accident.

Engineer Kasehagen, who was in charge of the train on the night of the accident, was the first witness for the railroad. Mr. Kasehagen testified that he received the "brake" signal to move his train and that the signal was given by Stokes himself. When the witness concluded his testimony court took a recess at 5:30 o'clock until this morning.

Appearing for the plaintiff are ex-Judge E. K. Bryan and C. D. Weeks, Esq., while Col. Harry Skinner, formerly United States District Attorney, and Thos. W. Davis, Esq., represent the railroad company.

When court reconvened yesterday morning there was further argument of counsel on the motion in the case of the Knickerbocker Trust Co., against Wm. E. Worth, lodged Tuesday afternoon. Counsel for the defendant were seeking to stay proceedings in this case until after a decision in the State courts in a case which the parties are reversed as to plaintiff and defendant. The motion was strongly resisted by counsel for the plaintiff. Judge Connor overruled the motion, holding that the proper way to stay the proceedings would be to have the State court enjoin the Federal court. Argument of counsel on a motion by the defendant to continue the case will probably be heard today.

The testimony in the damage suit case now on trial being taken down by Mr. Meares Harrison, expert court stenographer, who handles practically all the court cases where the services of a stenographer are needed.

WORK ON THE TERMINALS.

For Seaboard and Coast Line Progress—For Pocomoke Company. The work on the third terminal warehouse, situated on the Seaboard Air Line and known as storage "D," being built for the Pocomoke Gnuano Company, is rapidly progressing and indications point to its completion by the latter part of December.

The storage under construction is about the same size of the other two, and will be used principally by the fertilizer company to store its material. The work on the Coast Line storage, which was recently commenced on the lower yard, is also being carried on rapidly. In addition to those mentioned the Wilmington Compress & Warehouse Company recently provided additional storage facilities at its terminals a short distance further up the water front from the Seaboard.

THE ADVICE OF A FRIEND.

Given to Those Who Need It. San Francisco, Cal.—"To anyone who is run-down or who needs a good blood purifier, I want to recommend Vinol, the great cod liver and iron tonic. I was run-down, feeling badly and only weighed about 140 pounds. I took a course of Vinol—it purified my blood, gave me a fine appetite, and built me right up. Now I am well and strong, weigh 175 pounds, and, in fact, never felt better in my life." John S. Charles, 3264 17th St., San Francisco, Cal. (We guarantee this testimonial to be genuine.)

Vinol is a delicious combination of the health-giving properties of the cod's liver, with the grease eliminated, and tonic iron added, blended in a mild medicinal wine. If your blood is poor or sluggish, your appetite poor, your digestion weak or your vitality not up to the standard, or if you are suffering from chronic coughs, colds or bronchial troubles, try a bottle of Vinol with the understanding that your money will be returned if it does not help you. It could not do what all these people claim it did for them if it was not honest. Robt. R. Bellamy, Drugist, Wilmington, N. C.

DESTRUCTIVE FIRE AT CURRIE THE

Mr. W. R. Walker Loses Stables Together With Live Stock—and Quantity of Farm Products and Utensils.

Mr. W. R. Walker, a prosperous and progressive farmer residing at Currie, Pender county, arrived in the city yesterday to attend the United States District Court as a witness, in the case of Cummings against the Atlantic Coast Line.

Mr. Walker brought to the city news of a great misfortune with which he met on Tuesday evening about 7:30 o'clock. About that time fire broke out in his stables and within 30 minutes the building was a total loss, together with valuable horse, a good mule, two Jersey cows, two Holstein cows, 4,000 pounds hay, 3,000 pounds fodder, 100 bushels of sweet potatoes, some seed cotton and cotton seed, farming utensils, and other property. Mr. Walker estimates his loss at \$1,200 to \$1,500 and had no insurance.

When the fire broke out Mr. Walker was at the railroad station at Currie, 400 yards from his premises, awaiting a train to come to Wilmington. He heard some one shout fire, and looking toward his home he saw smoke and flames issuing from his stables. He ran back, giving the alarm, and in a few minutes from 75 to 100 people had assembled at the fire. Nothing could be done to save the stables, however, and its inflammable contents burned like a powder magazine.

With the assistance of his neighbors, Mr. Walker saved his farm residence and most of his crop of corn which had been hauled in and thrown on the ground near the barn preparatory to being shocked. Fire communicated to the stacks of corn and some of its was burned or damaged before the fire could be extinguished. Several potato banks were near the stable and fire got into them and destroyed half of a crop of 200 bushels, many of the potatoes being cooked where they were in the top layers of the banks.

In some mysterious way, one of Mr. Walker's horses broke out of the stable and was the only one of his farm animals that did not become a victim of the fire. The saving of the barn was fortunate, for it contained a valuable stock of grain and produce it caught fire several times but the fire was confined to the stable by men with buckets.

Mr. Walker is one of Pender county's best and most successful farmers and his hosts of friends in the country and city sympathize with him in his loss.

INDEPENDENT ICE COMPANY.

Annual Meeting of Stockholders Last Night—Officers Elected.

The annual meeting of the stockholders of the Independent Ice Company was held last evening at the office of the Springer Coal Co., Water and Chestnut streets, a large majority of the stock being represented in person and by proxy, the attendance in person of many of the shareholders having been remarked upon.

Col. Walter Taylor was called to the chair and Mr. D. H. Penton was requested to act as secretary. The report of the general manager, Mr. L. H. Simmons, and of the president and treasurer, Mr. J. A. Springer, were read and showed a most satisfactory operation during the past season. The election of directors resulted in the unanimous selection of Messrs. J. A. Springer, Wm. E. Springer, N. B. Rankin, L. H. Simmons, W. C. Whitehead, R. W. Wallace, W. E. Perdue, D. H. Penton, M. W. Jacobs, Walker Taylor, W. VanHarden, R. F. Warren, D. C. Love, J. J. Hopkins and Henry C. Bear.

AFTER MOTOR BOATS AGAIN.

Customs Officers Will Make Second Inspection Around the Harbor.

To see that motor boats here and at Southport are carrying the proper equipment as required by law and in accordance with the recent requirements of the government, a second inspection will be made by customs officers within the next few days. The customs officials were unable to inspect all the boats on the first trip and additional money has been furnished by the department to see that the laws are carried out.

Similar orders were issued to officers in the Revenue Cutter Service. On the first inspection, it is understood, that a number of minor irregularities were found and the laws were promptly complied with when the parties were notified. But as there are quite a number of these boats here and at Southport, a second inspection was deemed necessary. The laws are very rigid and heavy fines will be imposed unless they are carried out in every detail. A full copy of the requirements was printed in the Star during the Summer, when they were first issued by the Department.

The Value of Proprietary Medicines is proven by the very large percentage of physicians' prescriptions for same remedies found in every drug store in America, but as they are written in Latin, few patients realize this fact.

The old standard proprietary medicines like Lydia E. Pinkham's Vegetable Compound, that have stood the test of time, deserve a place in every family medicine closet, and it is most certain they would not be prescribed by physicians if they were able to devise a formula equally as efficacious.

WAS ORDINANCE ADOPTED?

Point Raised Relative to Action of Aldermen Tuesday Night.

The point was raised yesterday that the ordinance passed by Aldermen West at the special meeting of the Board of Aldermen Tuesday night authorizing the merchants to use two and one half feet of the sidewalk adjacent to their places of business for the display of goods and products, was not legally adopted and is therefore not in force, owing to the fact that there was opposition, Art. VII, Sec. 1, of the codified ordinances of the city, reads as follows: "Resolved, That no ordinance shall be acted upon at the same meeting at which it is introduced, but shall be read and action on same deferred until a subsequent meeting of the board; provided, action may be had if unanimous consent be given thereto. A copy of such ordinance shall be furnished each member of the board by the city clerk." It has been the custom heretofore to adhere strictly to this ordinance and when the board was not unanimously in favor of a proposed new ordinance, it went over until the next meeting.

The ordinance permitting the use of a portion of the sidewalks for a display of goods, etc., was declared carried by a vote of five to three. Therefore it is held by some that the ordinance was not adopted and is not in force. If this view be correct, it will give the Aldermen another opportunity to consider the question at the next meeting.

However, there is no ordinance in force now to prohibit the merchants from using the sidewalks, as the sections forbidding this were repealed. It was pointed out yesterday by one in attendance upon the meeting that section 3 of the ordinance presented by Alderman West was not acted upon by the board having been inserted, but with the consent of those voting in the affirmative, after the vote had been taken. Sec. 3 reads as follows: "All edibles goods on display or for sale shall be two feet high above the sidewalk and all benches, shelves and chicken coops shall be taken off the street after closing hours."

FUNERAL OF MRS. JAMES.

Body Laid to Rest in Bellevue Cemetery Yesterday Afternoon.

The body of Mrs. Eva James, beloved wife of Mr. O. L. James, who passed away at her home at Pelham, Ga., Monday evening, was brought to this city yesterday afternoon and taken immediately to Bellevue cemetery, where services were conducted by Rev. Dr. D. McElure, pastor of St. Andrew's Presbyterian Church, in the presence of a large concourse of sorrowing relatives and friends, who gathered there to pay a last tribute to one so greatly loved and admired by them. Mrs. James was formerly Miss Eva Murphy, of this city, and her mother, Mrs. Sarah Murphy, was with her when she died.

Following the service the body was gently laid in a newly made grave to await the resurrection morn and on the mound were placed many beautiful floral designs which bore silent testimony of the high esteem in which the young woman was held by many friends in this city. The pallbearers were Messrs. J. F. Mann, W. H. Sprunt, H. E. Boney, Herbert Elliott, Wentworth S. Mix and Mr. McNair.

MISS BEATRICE LEWIS BRIDE OF MR. ERNEST J. IRVING.

Interest of a wide circle of friends centered in the marriage at the Church of the Good Shepherd at 8:15 o'clock last evening of Miss Beatrice Margaret Lewis, the attractive daughter of Mrs. J. W. Lewis, and Mr. Ernest J. Irving, a well known and popular young man of this city. The impressive ceremony being performed by Rev. Thos. P. Noe, rector of the church. The edifice was thronged with friends and relatives of the young couple for the wedding, which was one of the most beautiful of the season. The color scheme of green and white was tastefully carried out in the decorations, the interior of the church being transformed into a veritable floral bower.

The bride wore a grey traveling suit with hat and gloves to match and carried a bouquet of bride's roses. She was attended as maid of honor by her sister, Miss Roxie Lewis, who was becomingly gowned in white silk and carried white chrysanthemums. The bridesmaids, Misses Edith Brady and Marguerite Hewett, wore white silk and carried white chrysanthemums. Mr. James R. Chastain was best man and the groomsmen were Messrs. Ralph Echlin and Frank Brittain.

Following the ceremony Mr. and Mrs. Irving drove to the union station, whence they departed on the 7 o'clock train for a bridal tour to points of interest in the North and upon their return to Wilmington will be at home to their friends on North Sixth street.

The bride and groom are exceedingly popular among a wide circle of friends, who extend felicitations and best wishes. The admiration and esteem of their numerous friends was attested in the large number of wedding presents received.

IN PINK AND WHITE PRETTY WEDDING SERVICE.

Yesterday evening at 6 o'clock there was celebrated at the First Presbyterian church, one of the most beautiful weddings that have ever been witnessed in this city, when Miss Marguerite Murchison, of Fayetteville, N. C. The ceremony was performed by Rev. Watson Fairley, of Fayetteville, assisted by Rev. Dr. J. M. Wells, pastor of the church. The color scheme was pink and white, being carried out very prettily, the church being decorated with white candles, banks of palms and ferns, and bunches of big white chrysanthemums. Mr. Alf Yopp presided

at the organ, and at the appointed time the bridal party entered to the strains of Lohengrin's Bridal Chorus. Masters F. W. Dick, Jr., and R. H. Gwaltney, Jr., the ribbon boys, entered first, followed by Mr. Clairborne Carr, of Durham, and Mr. Alex. Worth, of Chapel Hill, groomsmen; Mr. E. P. Crow and Mr. Graham Kenan, groomsmen; Mr. Francis Cox, of Raleigh and Mr. Thos. D. Meares, Jr., also groomsmen. Then came Miss Kate Horner, of Oxford, N. C.; and Miss Annie Murchison Pemberton, of Fayetteville, N. C., bridesmaids, who preceded the bride and her sister, Mrs. Emmett Polk Crow, dame of honor, who gave the bride away. The groom with his best man, Mr. Thos. C. Worth, entered from the south side of the church and met the bride at the altar.

The bride was beautiful in a white princess satin dress trimmed with duchess lace. Her veil was caught up with orange blossoms, and she carried a shower bouquet of bride's roses and lilies of the valley. The dame of honor wore a lovely dress of pink dew drop chiffon, and carried a bouquet of LaFrance roses. The bridesmaids were gowned in pink crepe meteor and carried large bunches of white chrysanthemums.

During the ceremony "Meditation" was softly played by Mr. Yopp, and after the happy couple were made man and wife, the organ pealed forth Mendelssohn's Wedding March as the recessional.

The bride is a very beautiful and popular young society woman of this city and is greatly admired by a host of friends. The groom is a very prominent young business man of Fayetteville, N. C., and has many warm friends here and throughout the State. Mr. and Mrs. Worth drove to the union station, where they boarded the 7 o'clock train to visit several cities of interest in the North. As the train left the station they were showered with rice, amid shouts of best wishes for a long and happy life. Upon their return, Mr. and Mrs. Worth will make their home in Fayetteville.

BEAUTIFUL WEDDING AT ROCKINGHAM, N. C.

Rockingham, N. C., Nov. 16.—The State-wide hospitality of the Dockery home at Rockingham was never more extended or eagerly received than on Wednesday evening, November 16th, when many friends from several States assembled to witness the wedding of Miss Nettie Walker Dockery to Mr. William Grimes Haywood, of Raleigh.

The wide open doors invited from the cold of the November evening to a scene of matchless beauty and warmth. The whole lower floor, had been thrown into one large reception room by using decorations in a color scheme harmonizing most pleasingly—a background of white, garlanded and entwined with festoons of our own Southern smilax, banks of ferns and palms, a profusion of cut flowers white and pink carnations and roses everywhere; over all the soft light of dozens of candles.

At 7:30 promptly, Mrs. John Carson, of Charlotte, in a handsome white crepe gown, carrying bride's roses, entered the south parlor, where an altar was improvised for the occasion, and at her magic touch, sounded thrillingly "Faithful and True," which was the signal for the entrance of four dainty little ladies, Misses Mary Louise Everett, Concord Leak, Janie Grimes and Terry Bland, in lingerie dresses of white, with pink sash and hair ribbon, forning with white satin ribbons, an aisle to the altar. The Maid of Honor, Miss Fannie Dockery, a sister of the bride, entered alone, wearing a beautiful pink brocaded satin gown, trained, carrying pink bride's maid roses, followed by the little ring bearer, Miss Mary Hamlin Landis, of Charlotte, in white lingerie dress with pink sash and hair ribbons. With her father, Mr. H. C. Dockery, came the bride, gowned in a creation of handsome white satin, trained, draped with chiffon, elaborately trimmed with real lace and embodied clusters of lilies of the valley, wearing a diamond necklace, the gift of the groom; her veil of tulle caught with orange blossoms. She was met at the altar, under a wedding bell of white chrysanthemums, by the groom, Mr. William Grimes Haywood, and his brother, Mr. F. J. Haywood, Jr., of Concord, who acted as his best man. Rev. Harry Melchrodt, of Charlotte, former pastor of the bride, performed the ceremony accordingly to the impressively beautiful Episcopal service, in the presence of the relatives and close friends of the bride and groom, who then registered in the "Bride's Own Book."

After receiving the congratulations and good wishes of the many guests who had been bidden to the reception, the bride donned her "going-away gown" of dark blue broad-cloth, with hat to match, and Mr. and Mrs. Haywood left on the 9:30 train for the North, and after two weeks, will be at home in Raleigh.

In the dining room; the color scheme of which had been carried out in the table decorations and confections, elegant refreshments in two courses were served. Thence into the living room, where the lavish display of gifts in silver, cut-glass, china and brass attested the love and esteem felt for the happy young couple. One noticed especially the Colonial silver service, and all the necessary flat silver, gifts from the bride's and groom's families.

After punch in the North parlor the guests dispersed, rejoicing in the happiness of the newly wedded couple.

The out-of-town guests were Miss Alice Davis, Wilmington; Mrs. J. M. Dockery, of Memphis; Mrs. Wallace James, of Memphis; Mr. and Mrs. F. O. Landis, of Charlotte; Mr. and Mrs. F. J. Haywood, Jr., of Concord; Dr. F. J. Haywood, of Raleigh; Mr. and Mrs. William Grimes, of Raleigh; Miss Janie Grimes, of Raleigh; Mr. John Carson, of Charlotte; Mrs. J. C. Dockery, Jr., of Chapel Hill; Mrs. Harvey Lambie, of Charlotte; Dr. and Mrs. Charles Bland, of Charlotte; Miss Terry Bland, of Charlotte; Mrs. Paul Whitlock, of Charlotte; Mr. and Mrs. Claudius Dockery, of Raleigh.

LOCAL DOTS.

—The total eclipse of the moon last night was witnessed by hundreds of people in this city. The moon entered the shadow at 5:44 o'clock and was entirely obscured at 6:55 o'clock, remaining in the shadow until nearly 8 o'clock, passing out about 9 o'clock.

—The monthly meeting of St. James' Brotherhood will be held at the Parish House at 8 o'clock tonight. A full attendance of the active associate members is requested, as matters of importance in connection with the distribution of baskets on Thanksgiving Day will be decided.

—Recorder Furlong presided over a brief session of his court yesterday morning. The only case was one in which drunkenness was charged and the defendant was required to pay the usual amount. The case against Walter Shaw, colored, for entering the home of Mr. George Benson, was continued until Friday.

—Capt. Crawford, master of the suction dredge Cape Fear, which has been dredging in Beaufort harbor for some time past, has been confined in the Marine Hospital here from sickness for several days. His many friends will be pleased to learn that he will be able to leave the hospital within the next few days.

—George Brown was given preliminary hearing before Justice Harriss yesterday on the charge of larceny by trick and bound over to the Recorder's court. In default of bond he went to jail. Brown, it is alleged, secured some money due another workman from the contractor in charge of the erection of the High School annex and later, when asked for the money, said he had lost it together with his own.

PERSONAL PARAGRAPHS.

Couldn't Frighten Him.

An Indian maharajah once received Lord Clive, the famous soldier, in his palace court. Presently in sprang two whopping big Bengal tigers, as big as ever grew. They rolled and sprawled and romped all over the court, growled, spit and struck at each other. All the time the rajah slyly and sneakily stole glances at Clive to see if it would scare him green white. After a little the tigers were driven out. Clive smoked his cheroot all the while.

Birds and Lightning.

Birds are sometimes struck by lightning. Darwin records the case of a wild duck that he saw struck by a bolt while flying. It was killed instantly and fell to the ground. But birds seem to know instinctively that lightning is to be feared. That perhaps is why they seek shelter in thunderstorms. The sudden disappearance of the birds is, indeed, in the country one of the surest signs of an approaching tempest.—Philadelphia Bulletin.

"Room and a bath, sir," said the hotel clerk politely. "22 a day." "I said room and bath, young man," interrupted the pompous man. "Understand—bath!" "Oh, room and bath? Beg pardon, sir. Then the rates will be \$5 a day."—Pittsburgh Press.

COTTON RECOVERS THE LOSS

Market Was Firmer on Moderate Demand for Shorts—Advanced 9 to 16 Points—Offerings Became Little Heavier.

New York, Nov. 16.—The cotton market was firmer today recovering practically all of yesterday's loss on a moderate demand from shorts, trade interests and local bulls, accompanied by claims that the market had discounted a bear report from the Census Bureau next Monday. The close was firm at a net advance of 9 to 16 points.

The market opened steady at an advance of 4 to 7 points in response to bullish trade advices and soon worked up to a net advance of 12 to 13 points on covering by recent sellers, buying by foreign and domestic interests and bull support inspired by the steadiness of Liverpool and an idea that liquidation had been pretty well completed on the decline earlier in the week. Offerings became a little heavier on the advance with early buyers taking small profits owing to the failure of the upward movement to attract a broadening outside demand, but the market reacted only four or five points from the top and later firmed up again with the close at practically the best prices of the day. The buying late in the day was probably encouraged by rumors that the latest figures of the National Cotton Association pointed to a total ginning of 9,550,000 bales to the close of business on November 12th, whereas yesterday the trade were talking a ginning report next Monday of 9,000,000 bales or over, and numerous private reports from the South indicating an unusually large percentage of the crop ginned, also made a bullish impression on sentiment. Private cables from Liverpool attributed the steadiness of the market there to an improved demand from trade interests, more particularly from German spinners. Southern spot markets officially reported early were generally unchanged to 1-16 higher.

A compilation of several hundred reports received here from pretty much all of the South by a prominent local firm indicates on the average that between 78 and 81 per cent. of the total had been ginned to November 12th.

Receipts at the ports today 75,401 bales against 46,022 last week and 34,322 last year; for the week 300,000 bales against 376,608 last week and 277,066 last year. Today's receipts at New Orleans 7,841 bales against 11,044 last year.

Spot cotton closed quiet, five points higher; middling uplands 14.60; middling gulf 14.85. Futures opened steady and closed firm.

STOCK MARKET CONDITIONS

Early Absence of Aggressive Operations Feature—Attempt to Inaugurate New Market Movement Abandoned.

New York, Nov. 16.—The most effective influence in today's movement of stock prices was the early absence of aggressive operations for the advance by a few brokers, which were the feature of yesterday's market. The traders watched for the appearance of these orders in United States Steel, Union Pacific and Reading. They sold those stocks and the general list because the orders failed to appear. This was taken to indicate the abandonment of the attempt to inaugurate a new market movement by consecrated dealings in those stocks. The re-appearance of the same kind of buying in United States Steel and Union Pacific in the final hour pulled prices up again and left them higher than last night.

The general decline in prices of meat over the country came in for a great deal of attention both by reason of its direct bearing on money market affairs and its broader influence on the wage question and public discontent and unrest. Financial sentiment has not failed to be impressed with the demonstration of the extent of the discontent implied by the election results. The high cost of living is given large responsibility for the public feeling.

The latest rapid decline in meat prices has come subsequent to the November first condition shown by Bradstreet's index number of commodity prices although a decline of one per cent. was shown by that number from the October first showing and also from November 1st last year. The fall from the record level of January 1st of this year amounts to 3.3 per cent. with the decline evidently in progress in increased degree since November first. Great satisfaction is felt with this tendency.

It is noticeable, however, that one immediate effect is an increased pressure on the banks in some sections of the West. The explanation is that the fall in grain prices has prompted farmers to withhold their offerings and to buy live stock to feed corn to. With the end of the feeding period there is foreseen a large increase of offerings in the cattle markets, a further decline in meat prices and a heavy liquidation of bank loans.

Bonds were easy. Total sales par value \$1,590,000. United States bonds were unchanged on call. Total sales for the day 507,800 shares.

THE GRAIN MARKET.

Chicago, Nov. 16.—Refining rains in Argentina today ended anxiety regarding the safety of the wheat crop in that country and gave a sharp look set to prices here. FIRM UNDERTONE IN COTTON.

Shown on the Market Yesterday—But Demand in Liverpool.

New York, Nov. 16.—A better demand in Liverpool from the Continent prevented that market from declining in keeping with the weakness here yesterday afternoon. This feature of the firmness of the foreign markets in face of the much larger movement at the ports and interior towns, has brought about a substantial reaction and causes the market to expect a further improvement tomorrow. There is a disposition to believe that the expected ginner's report has been discounted in the recent decline. At all times during the day the market has shown a firm undertone despite the unexpectedly large receipts, which promised to be about 100,000 bales in excess of last year. Liverpool should advance three points tomorrow.

FUTURE POLICY OF PARTY.

Will be Outlined at Meeting of Dem-
ocratic Leaders Soon.

Baltimore, Nov. 15.—Preliminary
steps were taken today for a confer-
ence in this city attended by Demo-
cratic leaders from every section of
the country for the purpose of outlin-
ing a general future policy of the
party.

Maryland Democrats having the
matter in charge, held a meeting and
decided at once get in touch with
National Chairman Norman E. Mack,
Representative Champ Clark, of Mis-
souri, and Representative Lloyd, of
Missouri, chairman of the Demo-
cratic Congressional Campaign Com-
mittee in the last election. These
leaders will be invited to come to
Baltimore early next week to consider
the matter with the Maryland com-
mittee, which is composed of Govern-
or Crothers, United States Senators
Rayner and Smith, and Congressmen
Covington and Talbot.

National Chairman Mack, who had
been invited to attend today's meet-
ing of the committee, was unable to
attend. He expressed his willingness
to co-operate with any committee
having the proposed conference in
mind.

"If all sections of the country are
represented at such a conference,"
Mr. Mack said, "much good may grow
out of it. But if confined to certain
States and few sections, much harm
might grow out of such a conference."

DO NOT SEEK SEPARATION.

Husband of Ethel Barrymore Makes
Denial of Rumors.

New Orleans, Nov. 16.—Russell G.
Cott, millionaire husband of Ethel
Barrymore, today emphatically de-
nied reports of an estrangement be-
tween himself and his actress wife.
"My wife and I are perfectly hap-
py," he said. Miss Barrymore was
present and made it plain that he
had expressed her sentiments.

"There is not the slightest founda-
tion," added Mr. Cott, for those sto-
ries of a probable separation. They
are manufactured by professional
scandal mongers and I have instructed
my attorney to bring suit against
those responsible for the publication
of the lies."

Mr. Cott stated that he would ac-
company his wife on her present tour.

CUT IN WAGES RESULTS.

May Urge Jail Sentences for Officers
of Glass Trust.

Washington, Nov. 16.—The Depart-
ment of Justice of which Attorney
General Wickham is the head, to-
day took notice of a newspaper dis-
patch from Pittsburgh to the effect
that the corporations combined in the so-
called "window glass trust" had served
notice upon their employees that a
wage reduction of 30 per cent. was
the only condition under which the
factories could continue to manufac-
ture. The dispatch further said that
the corporations attributed directly to
the successful prosecution of the
combination by the Department of
Justice and the imposition by the
United States court of fines upon the
corporation and upon its officers and
directors individually.

FLETCHER MADE PRESIDENT.

Closing Sessions of Waterways Asso-
ciation at Pensacola.
Pensacola, Fla., Nov. 16.—With the
exception of selecting a place for the
next meeting which will be done at a
brief session to be held tomorrow
morning, the convention of the Mis-
sissippi-to-the-Atlantic Inland Water-
way Association finished its work to-
night with the election of all the
old officers, including United States
Senator Duncan W. Fletcher, of Flor-
ida, as president.

At tonight's session resolution were
adopted favoring the control of water
front facilities by city or county au-
thorities in order that the public may
enjoy the full benefits to be derived
from transportation by water routes.

HE LOST ON STIMSON.

Had to Swim Across East River
Through Ice Water.
New York, Nov. 16.—In the cold
gray dawn of the early morning it
was about the coldest morning this
Fall—John Gear, who thought that
Henry L. Stimson would be elected
governor of New York, took off his
clothes, put on a bathing suit and
jumped into the icy East River to-
day. With a row boat following close
behind he swam across the river to
Randall's Island, thereby carrying out
the provisions of an election bet. A
crowd watched and cheered his plucky
performance.

WOOLEN FIRM IN TROUBLE.

Government Seized Entire Stock—
Customs Frauds.
New York, Nov. 16.—The entire
stock of Joseph Brooke & Co., an En-
glish woolen firm, which has main-
tained a branch house in New York City
for a quarter of a century was seized
by the government today, in an ac-
tion to recover \$200,000 damages, "in
consequence of fraud and other wrong-
ful acts." Alleged evasion of customs
duties, alleged by a former employee
of the firm, is the basis of the ac-
tion.

With the seizure of the goods it
became known that the Government
had recently instituted suit against
the firm, but being unable to serve
the summons in the action because the
Brooke's are at the present time in
London, England, U. S. Dis-
trict Attorney Wise today obtained a
writ of attachment. The writ was
served by U. S. Marshall Lienkel upon
Robert C. Herron, manager of the busi-
ness, which is conducted at No. 840
Broadway. The stock is valued at al-
most the amount of damages claimed
by the government.

Peter Redling until recently a clerk
in the firm's employ gave the infor-
mation on which the government ac-
ted. Special agents were assigned to
investigate his story and according to
Mr. Wise examination verified his
charges that the company had for
years cheated the government by un-
der valuation of goods and false in-
voices.

Nicholas C. Brooks, a special agent
who worked on the case today sub-
mitted affidavits to Judge Hazel in
the United States district court this
afternoon and Judge Hazel issued the
attachment.

The parent house of the company is
at Bradford, England, and the mem-
bers of the firm reside abroad.

THE YALE-HARVARD GAME.

Crimson Team at Farmington
Vaughan Out of Game.

New Haven, Conn., Nov. 16.—The ar-
rival of the Harvard football eleven
at Farmington tonight and the an-
nouncement by Captain Daly, of the
Yale team that Vaughan, last season's
left end would be able to get in-
to the game Saturday were the fea-
tures of the football situation here
today.

There are 37 players in the Har-
vard squad. The team will come into
New Haven tomorrow and have a se-
rious practice of two hours of Yale
field.

The announcement that Vaughan
would be able to take part in Satur-
day's game was a welcome surprise
to the Yale supporters. He was tak-
en ill after the Harvard game last
year and it was believed that he
would never be able to play again.
His experience with the forward pass
was especially strengthened by the
team. In the afternoon's scrimmage
the 'Varsity scored six times against the
scrubs and freshmen.

Distribution of football tickets to
the undergraduates was made to-
day. There was plenty of disap-
pointment owing to the piling down
of applications. Numerous offers for
tickets from outside to Yale men.

Boston, Mass., Nov. 16.—The de-
mand for tickets for the Harvard
and Yale football game at New Ha-
ven on Saturday so far outruns the
supply that what few speculators
have succeeded in gathering in a few
are holding them at prices ranging
from \$20 to \$50 a pair.

Six seats were advertised today for
\$300 and local brokers are in con-
stant receipt of orders from all parts
of the country offering almost any
price for tickets.

HARVARD MEN "COME BACK."

Last Year's Players Defeated Carlisle
Indians Yesterday.

Cambridge, Mass., Nov. 16.—A
team composed of last year's college
football players now attending the
Harvard law school demonstrated on
Soldiers' Field today that they could
"come back" with a week or two of
practice, for by a score of 3 to 0, they
defeated the Carlisle Indians.

It was a one-man contest, however,
for E. B. Philbin, the fleet Yale half
back, ran the team from full back
positions where he took direct passes
either for a dash around the end of
his own account or to hurl a forward
pass. In the first period when he had
driven Carlisle back to the 15-yard
line, he dropped a pretty field goal
for the only score of the game.

Hamilton Fish, the former Harvard
captain led the law school team and
was as strong on defense as Phil-
bin in the offense.

The Indians played entirely on the
defensive except for a brief spurt
in the fourth period.
London, Nov. 16.—It is officially an-
nounced that the King and Queen
hope to visit India and hold a cor-
onation durbat at Delhi January 31,
1912.

FIRE ABOARD WARSHIPS.

Caused Excitement at Norfolk Navy
Yard Yesterday.

Norfolk, Nov. 16.—A fire aboard
the United States battleship Kentucky
now out of commission at the Nor-
folk navy yard for extensive repairs
and improvements was the cause of
considerable excitement in the yard
today. When the fire department ar-
rived volumes of smoke were pour-
ing from the ship and it looked for a
time that the situation was serious.
When the smoke was blown away and
the fire finally located it was found
to be a small blaze in a quantity
of sawdust in one of the alleyways
left by the joiner workmen. Cross-
ed electric wires are supposed to
have caused sparks of fire to drop
into the sawdust.

New Philadelphia, Ohio, Nov. 16.—
Clasped in each others arms the bod-
ies of James Gray, 50-years old, and
Mrs. Jack Llewellyn, 41-years were
found in a lodging house here today.
Asphyxiation was the cause of death,
the room being filled with natural gas
from a small stove. The door was
locked and both windows closed.

Baton Rouge, La., Nov. 16.—Govern-
or Sanders issued a call tonight for
an extra session of the Louisiana leg-
islature to convene November 28th,
for the purpose of, among other mat-
ters, selecting a successor to the late
United States Senator McEnery.

ANOTHER AIRSHIP TEST.

Flight From Land to Warships Next.
Puritan Sunk.

Washington, Nov. 16.—Whether an
airship can land on a war vessel as
easily as it can leave one is the ques-
tion which is now agitating the minds
of some of the officers of the Navy
Department.

Eugene B. Kelly proved to their sat-
isfaction by his aeroplane flight from
the cruiser Birmingham to the shore
of Hampton Roads on Sunday that
an aviator need have no trouble in
getting away from a warship. The
next step will be to test the practi-
cality of getting away from a warship.

The Navy Department intends to continue
its study of the question by making
such a test, just when this will be
made has not been determined.
Captain Washington I. Chambers,
president of a Special Naval Board,
detailed to make a study and report
of airship flights in case of relation to
naval warfare has returned from
Hampton Roads, where he was in
charge of Monday's experiment. He
is enthusiastic over the success of
Kelly's flight.

Norfolk, Va., Nov. 16.—The United
States monitor Puritan which was yester-
day submitted to high explosive
armor plate tests, today still was lying
on the flats, where after com-
partment were noosed as a result of
the experiment.

An expedition was sent out from
the Norfolk navy yard today to in-
vestigate and report on what would
have to be done to get the vessel to
the yard for docking.

The official report has not been
made public, but it is known that the
Puritan will have to be raised by
pontoons and towed to the navy yard
supported by them.

FUGITIVE VISITED HERE.

Gardner Arrested in Norfolk Yester-
day—Chased for 30 Days.

Norfolk, Va., Nov. 16.—After being
chased for 30 days across the entire
continent with a small army of de-
tectives at his heels, touching many
large cities and the middle
West, the South, and then the East,
Joseph Gardner was arrested here to-
night charged with having absconded
from his home in Seattle, Wash.,
leaving behind bad checks and debts
to the amount of \$54,700. According to
the arresting officers Gardner has
practically admitted his guilt.

He was, when arrested, en route to
New York, where he intended to sail
immediately for Brazil, by Detective
Dan S. Lehon, of New Orleans, who
has been following Gardner through
many States. Gardner has been in
Norfolk for the past three days, com-
ing here from Wilmington, N. C. He
was registered at a local hotel under
the name of M. Cohen. Detective Le-
hon followed him here yesterday
morning and immediately laid the
case before Capt. Ford, acting chief
of police. Tonight about 9 o'clock
Gardner was seen and was taken in.

Gardner is a former president of the
Consolidated Chile Company, of Se-
attle, and is said to have had strong
connections up to the time he left
Washington in October. His father-in-
law, Louis Schoenfeld, is said to
be a millionaire. Gardner is 37 years
of age and has a wife and one child
in Seattle.

TRIED TO SHOOT UP TOWN.

Rioting at Oil City, La.—Situation
Quiet Last Night.

Shreveport, La., Nov. 16.—Follow-
ing a period of rioting, in which an at-
tempt was made to shoot up the town
of Oil City, the capital of Caddo
County, is quiet tonight. The situation
was under control of the officers of
the place when reinforcements from
this city reached the scene.

The trouble began when Deputy
Sheriff Taylor shot Tom Hickey, an
alleged blind tire operator, while
Hickey was resisting arrest. A
crowd gathered, guns were flash-
ed, shots were fired, but no one was
killed.

The leaders were arrested. Hickey
will die. He will be the third oil field
man killed in battle with officers re-
cently.

Shall Women Vote?

If they did, millions would vote Dr.
King's New Life Pills. It is true remedy
for women. For banishing dull, fag-
ged feelings, backache or headache,
constipation, dispelling colds, impart-
ing appetite and toning up the system,
they're unequalled. Easy, safe, sure.
